[Hide Abstract](#)

TMO Global Logistics currently provides cargo that rely on clients calling the TMO office to req time of arrivals (ETAs) and TMO employees ca dispatchers to find current cargo locations and , experience-based ETAs to the client. For TMO, resources (dollars, man-hours, data storage sp. bandwidth) spent accepting ETA requests, calc relaying results can free those resources for us At the same time, if TMO can provide its clients accurate ETAs retrievable in less time, relative the firm stands to gain significant market share these attractive services.
